

REG Environmental, Health and Safety Policy

Renewable Energy Group, Inc. is an industrial company that produces and delivers cleaner products and services. Safety and humanity are core values at REG. We drive excellence by following occupational, process safety, and health and environmental standards that protect the health and welfare of our employees, customers, vendors, the communities where we operate and the environment.

It is the responsibility of each employee and contractor to work safely and stop work if there is a safety concern. It is the responsibility of all supervisors to ensure that a safe work environment is maintained.

Cynthia J. Warner
President & Chief Executive Officer

Renewable Energy Group

We Will:

- ▶ Cultivate a culture that holds the safety and health of our employees, customers, vendors and guests as a core value
- ▶ Conduct our business with the intent and conviction that zero injuries or environmental incidents is possible
- ▶ Maintain EHS management systems designed to protect personnel and the environment and to comply with applicable regulations
- ▶ Communicate openly with all stakeholders on relevant health, safety and environmental issues
- ▶ Monitor safety and environmental performance to meet our goals and objectives
- ▶ Report all incidents promptly to promote learning across the system
- ▶ Actively seek and act upon opportunities to reduce risk and continuously improve our EHS performance, through engagement, education, training and process changes
